FPM LTR. NO. 530-192

15 Sept 1975
FPM-192

ESTABLISHED IN ADVANCE OF INCORPORATION	
IN FPM CHAPTER 530	
PRESERVE DATE SUPERSEDED	

UNITED STATES CIVIL SERVICE COMMISSION

FEDERAL PERSONNEL MANUAL SYSTEM

LETTER

Washington, D.C. 20415

October 24, 1975

FPM LETTER NO. 530-192

Supersedes FPM Letters 530-186 through 530-191

SUBJECT: Adjustment of Special Minimum Rates and Rate Ranges

Established Under 5 U.S.C. 5303 to Reflect General Pay Increase

Heads of Departments and Independent Establishments:

1. Under authority of 5 U.S.C. 5303(a), which requires a determination on how the salary rates of employees covered by special rate schedules shall be adjusted at the time of a general pay increase, the Commission has decided that the pay of such employees shall be increased by an amount fully equivalent to the general pay increase for General Schedule employees authorized by Executive Order 11813. This decision is being implemented by the special schedules attached to this letter, and the higher pay rates are effective the same date as the general pay increase.

2. The pay of employees on the rolls and covered by special rates will be converted to the new special rate ranges in accordance with section 530.307 (b) of the Commission's regulations. The applicable part of the section reads as follows:

"(b) When an employee was receiving a special rate immediately before the effective date of a statutory pay increase, he shall receive on that effective date the rate of basic pay for: (1) The numerical rank in the new special rate range for his grade or level that corresponds with the numerical rank of the special rate he was receiving immediately before that effective date;"

To illustrate the effect of 530.307(b), the rate of adjustment for Veterinarian GS-701-9 is used: An employee in the third step rate of the GS-9 special rate range immediately before the effective date will remain in the third step of the new special rate range on the effective date, and his salary will be increased from \$15,00 to \$16,176 as of the first pay period that begins on or after October 1, 1975.

3. The pay of employees who are receiving a "fixed rate" as a result of a special rate range having been reduced previously (but not discontinued) will be adjusted in accordance with the provisions of section 530.305(a)(3).

INQUIRIES: Address any written inquiries to the Director of Statistics,

63-30500 or code 101, Washington 20415.

CSC CODE: 530, Pay Rates and Systems (principal).

FPM Letter No. 530-192 (2)

of the Commission's regulations. This means that the pay for these employees will be adjusted by the amount of increase granted to the tenth rate of the special rate range rather than the regular range.

To illustrate, the rate of adjustment for GS-3 Licensed Practical Nurse (New York SMSA) is used: An employee receiving a saved rate would have his pay increased by \$554, the amount of increase for the tenth step of the GS-3 special rate range in this FPM Letter.

4. An additional FPM Letter will be published as soon as the annual review of special salary rates has been completed to further adjust many of the special schedules in this FPM Letter. This means that some authorizations could be reduced or cancelled as the result of the annual review, and, for others, while a special rate will continue to apply, certain grade levels previously covered may revert to the regular schedule.

5. (a) Clarification of FPM Letter No. 530-191. Under FPM Letter No. 530-191, special salary rates for grades GS-5 and GS-7 were cancelled for the GS-510, GS-512, and GS-343 series, effective October 12, 1975. This cancellation date was intended to be the first day of the first pay period beginning on or after October 1, 1975, which is October 12 for the great majority of employees. For employees whose pay period begins on an earlier date in October, however, such as October 5, the cancellation is effective on that earlier date.

(b) In processing the cancellation of the special salary rates and the conversion to the new General Schedule pay rates, agencies should ensure that these actions are processed in the proper order. First, the special salary rate is to be cancelled and the employee converted to the regular rate range in accordance with attachment 1 to FPM Letter No. 530-191. Then, the employee is to be converted to the new General Schedule pay rates in accordance with FPM Letter No. 531-48.

6. Agencies are cautioned not to use the rates set forth in the attachments to this FPM Letter when making commitments for future actions such as, appointments or promotions.

7. Any downward adjustments in rates, however, would be adjustments to the special schedules only. Employees on the rolls will retain their existing rates of pay including the amount of the general pay increase.

By direction of the Commission:

Raymond Jacobson
Executive Director

Attachments

BEST COPY

Available

1. This attachment contains the basic salary rate information for each occupation and grade level for which special rates are currently authorized.
2. The columns on the pages that follow identify:
 - a. Specific occupational series coverage by series code and title;
 - b. The geographic coverage;
 - c. Grade or grade levels covered;
 - d. The special minimum rate, identified as "1st Step Rate";
 - e. The special maximum rate, identified as "10th Step Rate";
 - f. The amount of the within-grade increase;
3. Effective date (the actual effective date will be the first day of the first pay period which begins on or after the date shown).

3. The full range of special rates for each grade can be prepared by successively adding the amount of the within-grade increase, as shown for each grade, beginning with the special minimum rate, to produce a rate for each step up to the special maximum rate. To illustrate, the Medical Officer, GS-602-11 is used:

(The special minimum (i.e., 1st step rate) is \$21,133, the maximum (i.e., 10th step rate) is \$26,011 and the amount of the within-grade increase is \$542 a year.)

1	2	3	4	5	6	7	8	9	10
\$21,133	\$21,675	\$22,217	\$22,759	\$23,301	\$23,843	\$24,385	\$24,927	\$25,649	\$26,011

This procedure is to be followed in preparing a full schedule of special rates for each occupation and grade level listed in Attachment 1. As an aid to preparing the various schedules, Attachment 2 contains a comprehensive table which shows the correct dollar amount for each possible step for each GS grade which may be used in the various special schedules. By locating the special minimum rate and special maximum rate on these tables, the full range of authorized rate is readily identified.

*Where cited, SMSA means the Standard Metropolitan Statistical Area as defined by the Office of Management and Budget.

Note: (Table numbers are provided for use by agencies in data processing systems.)
